# Methodology

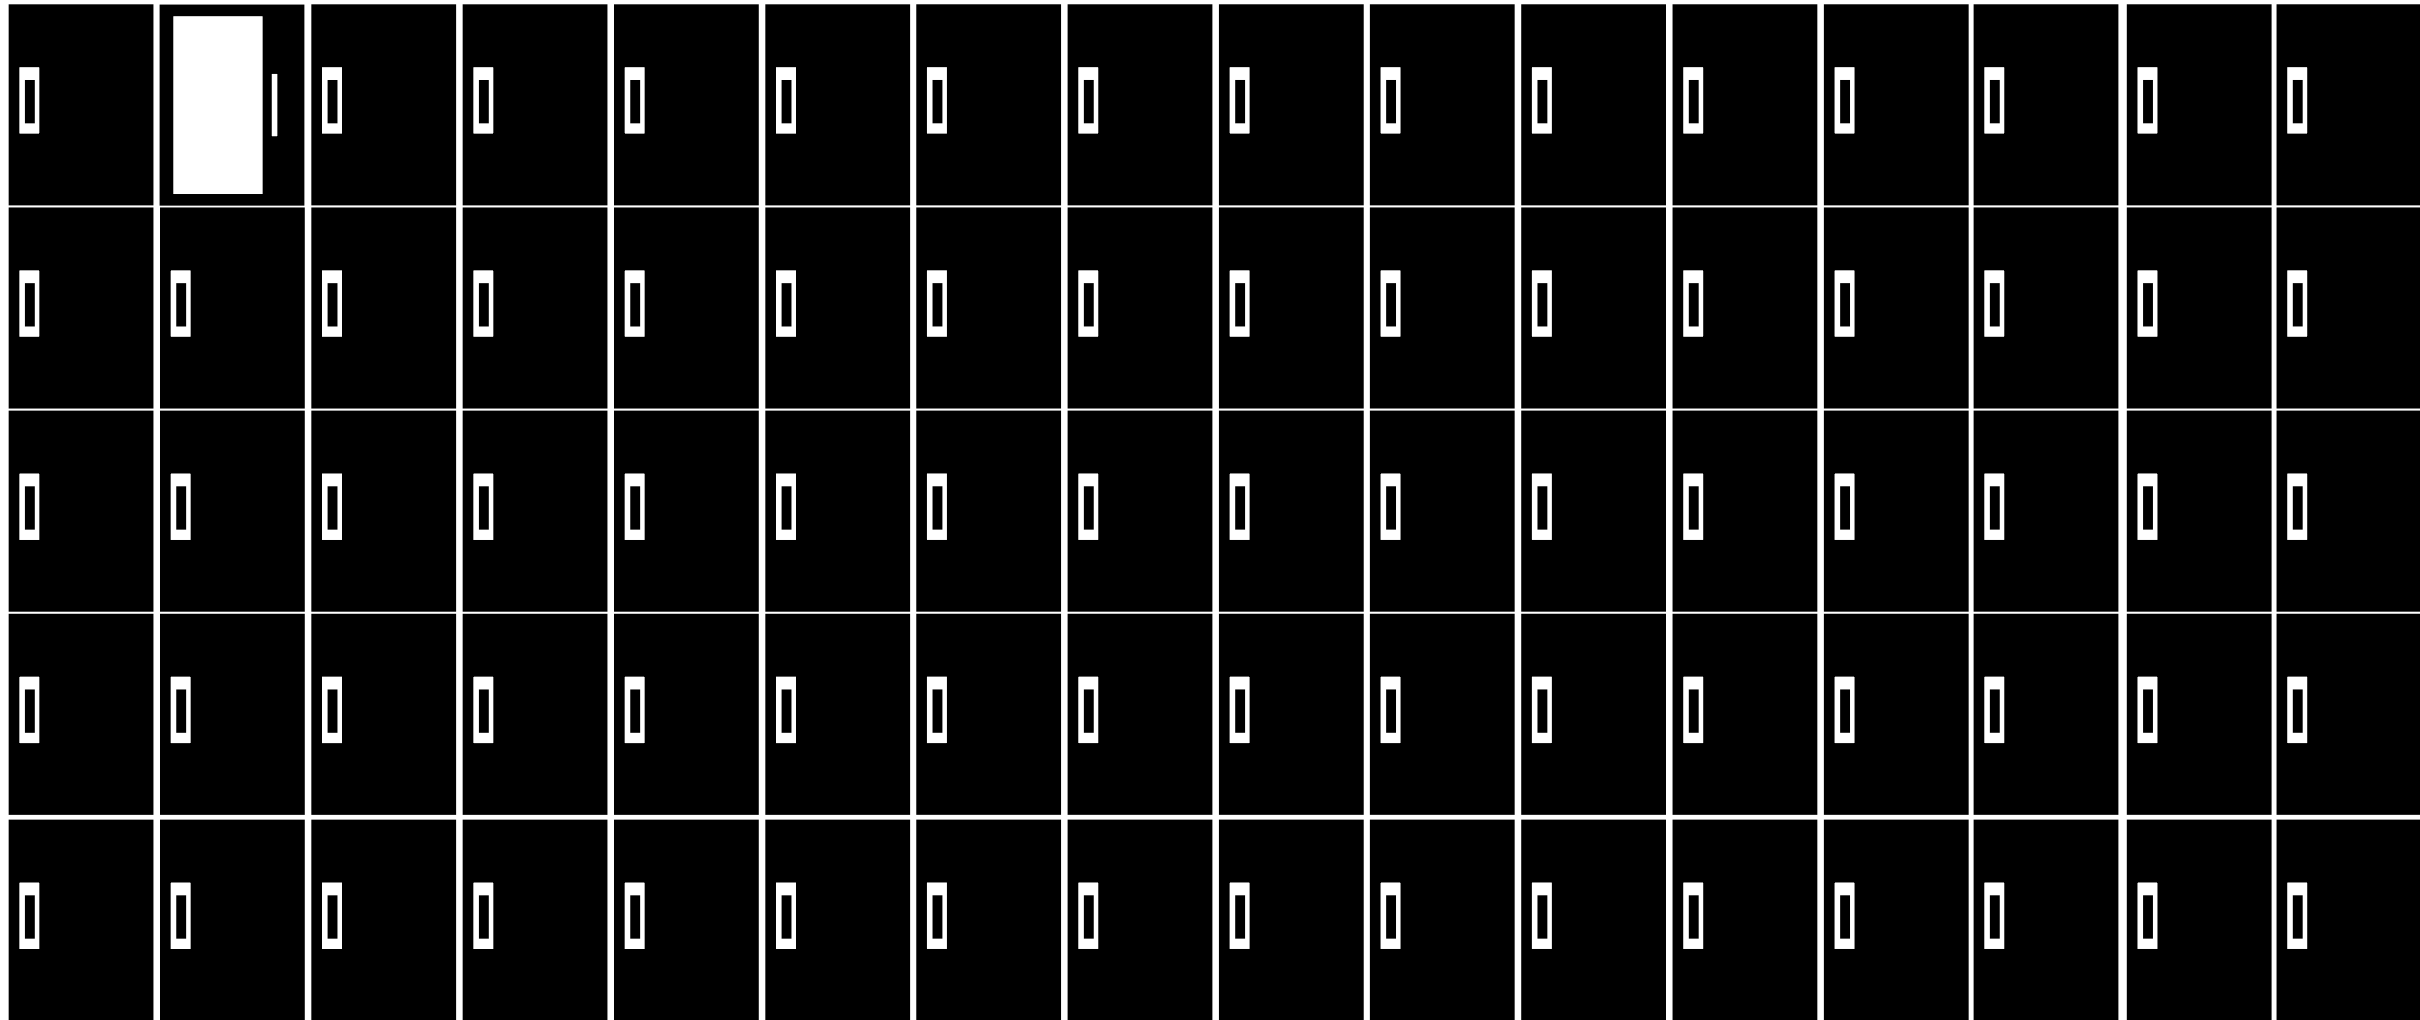

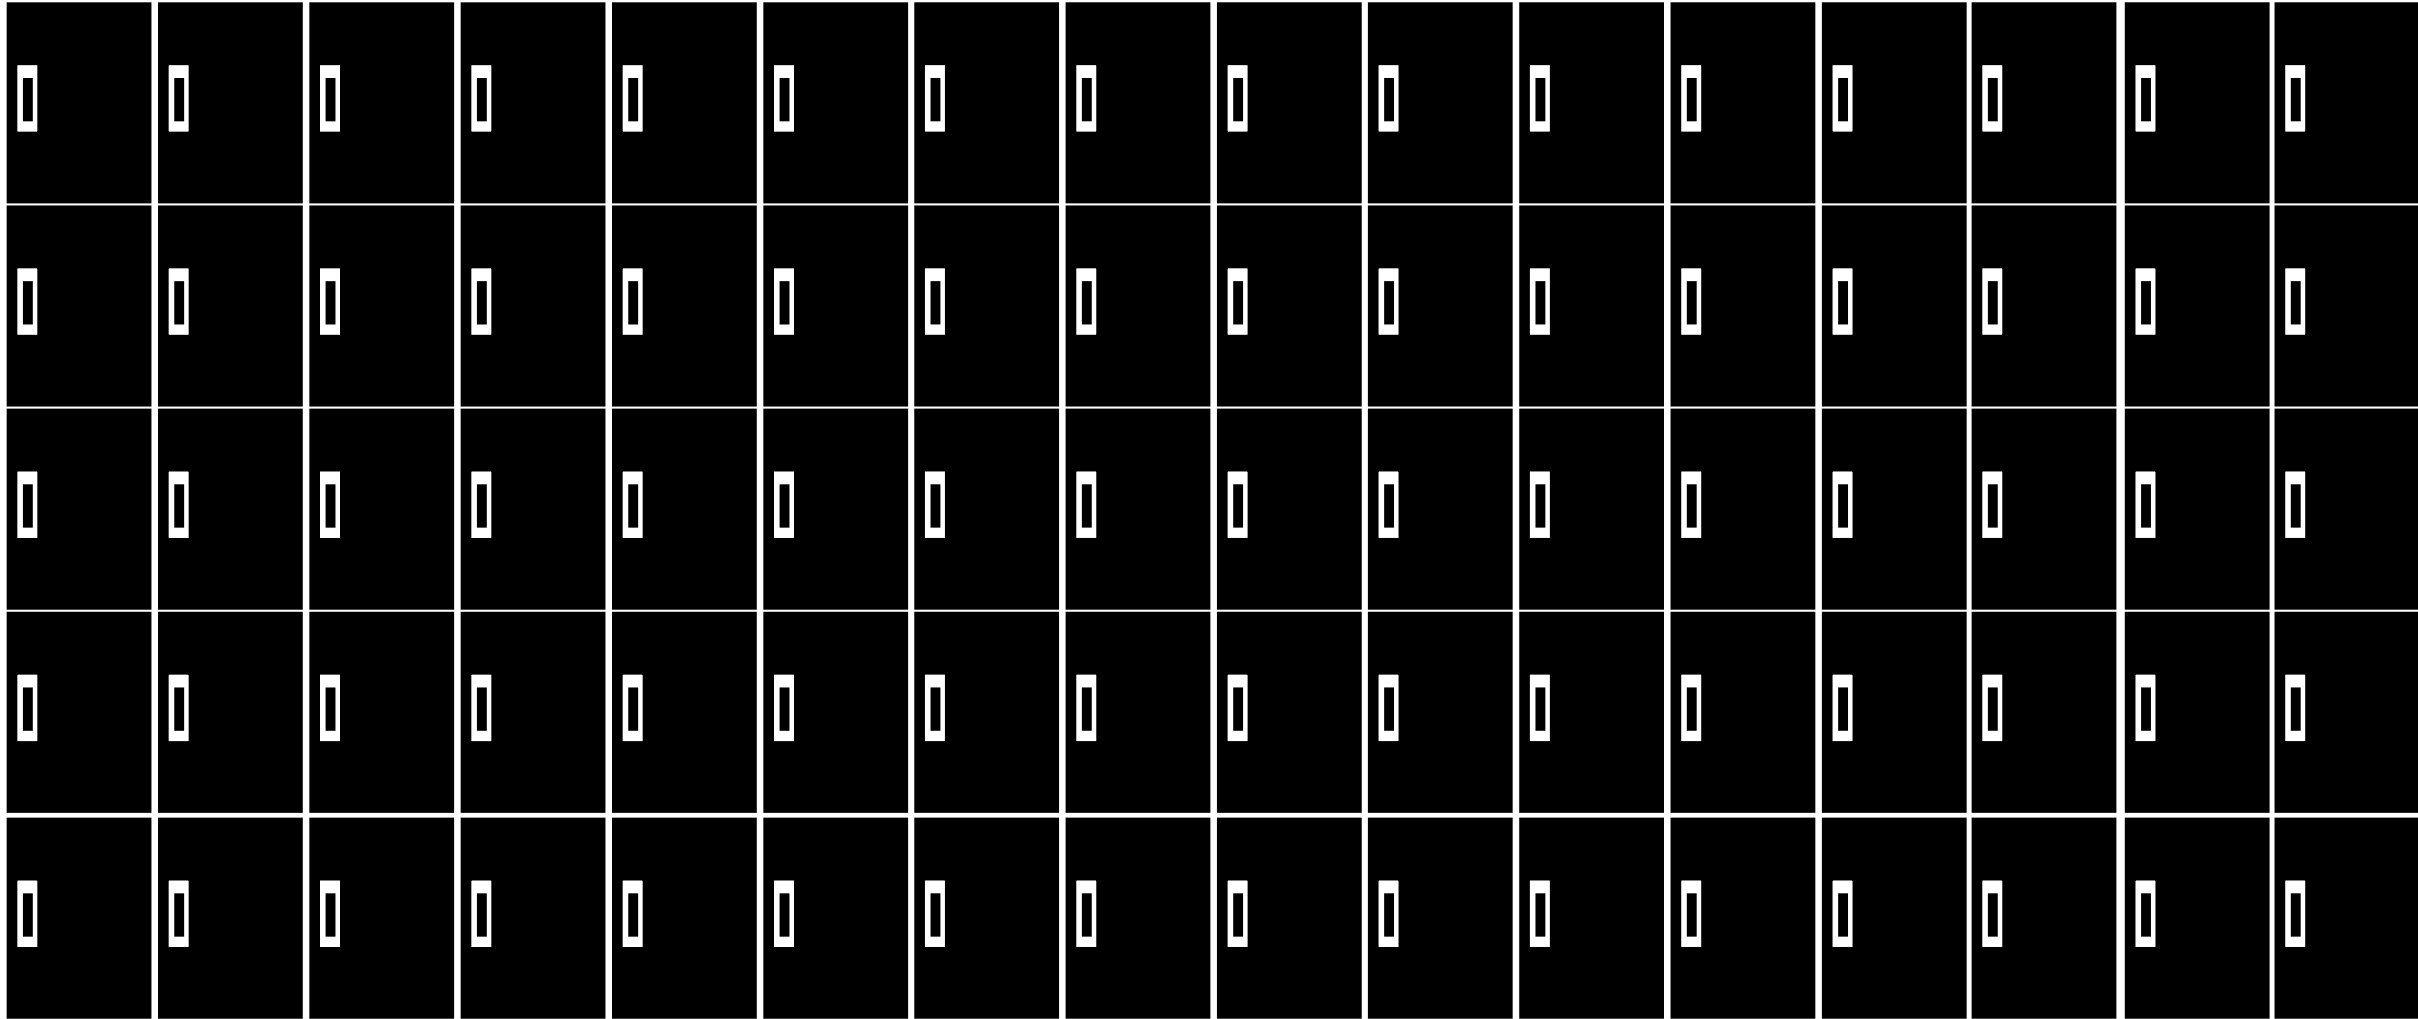

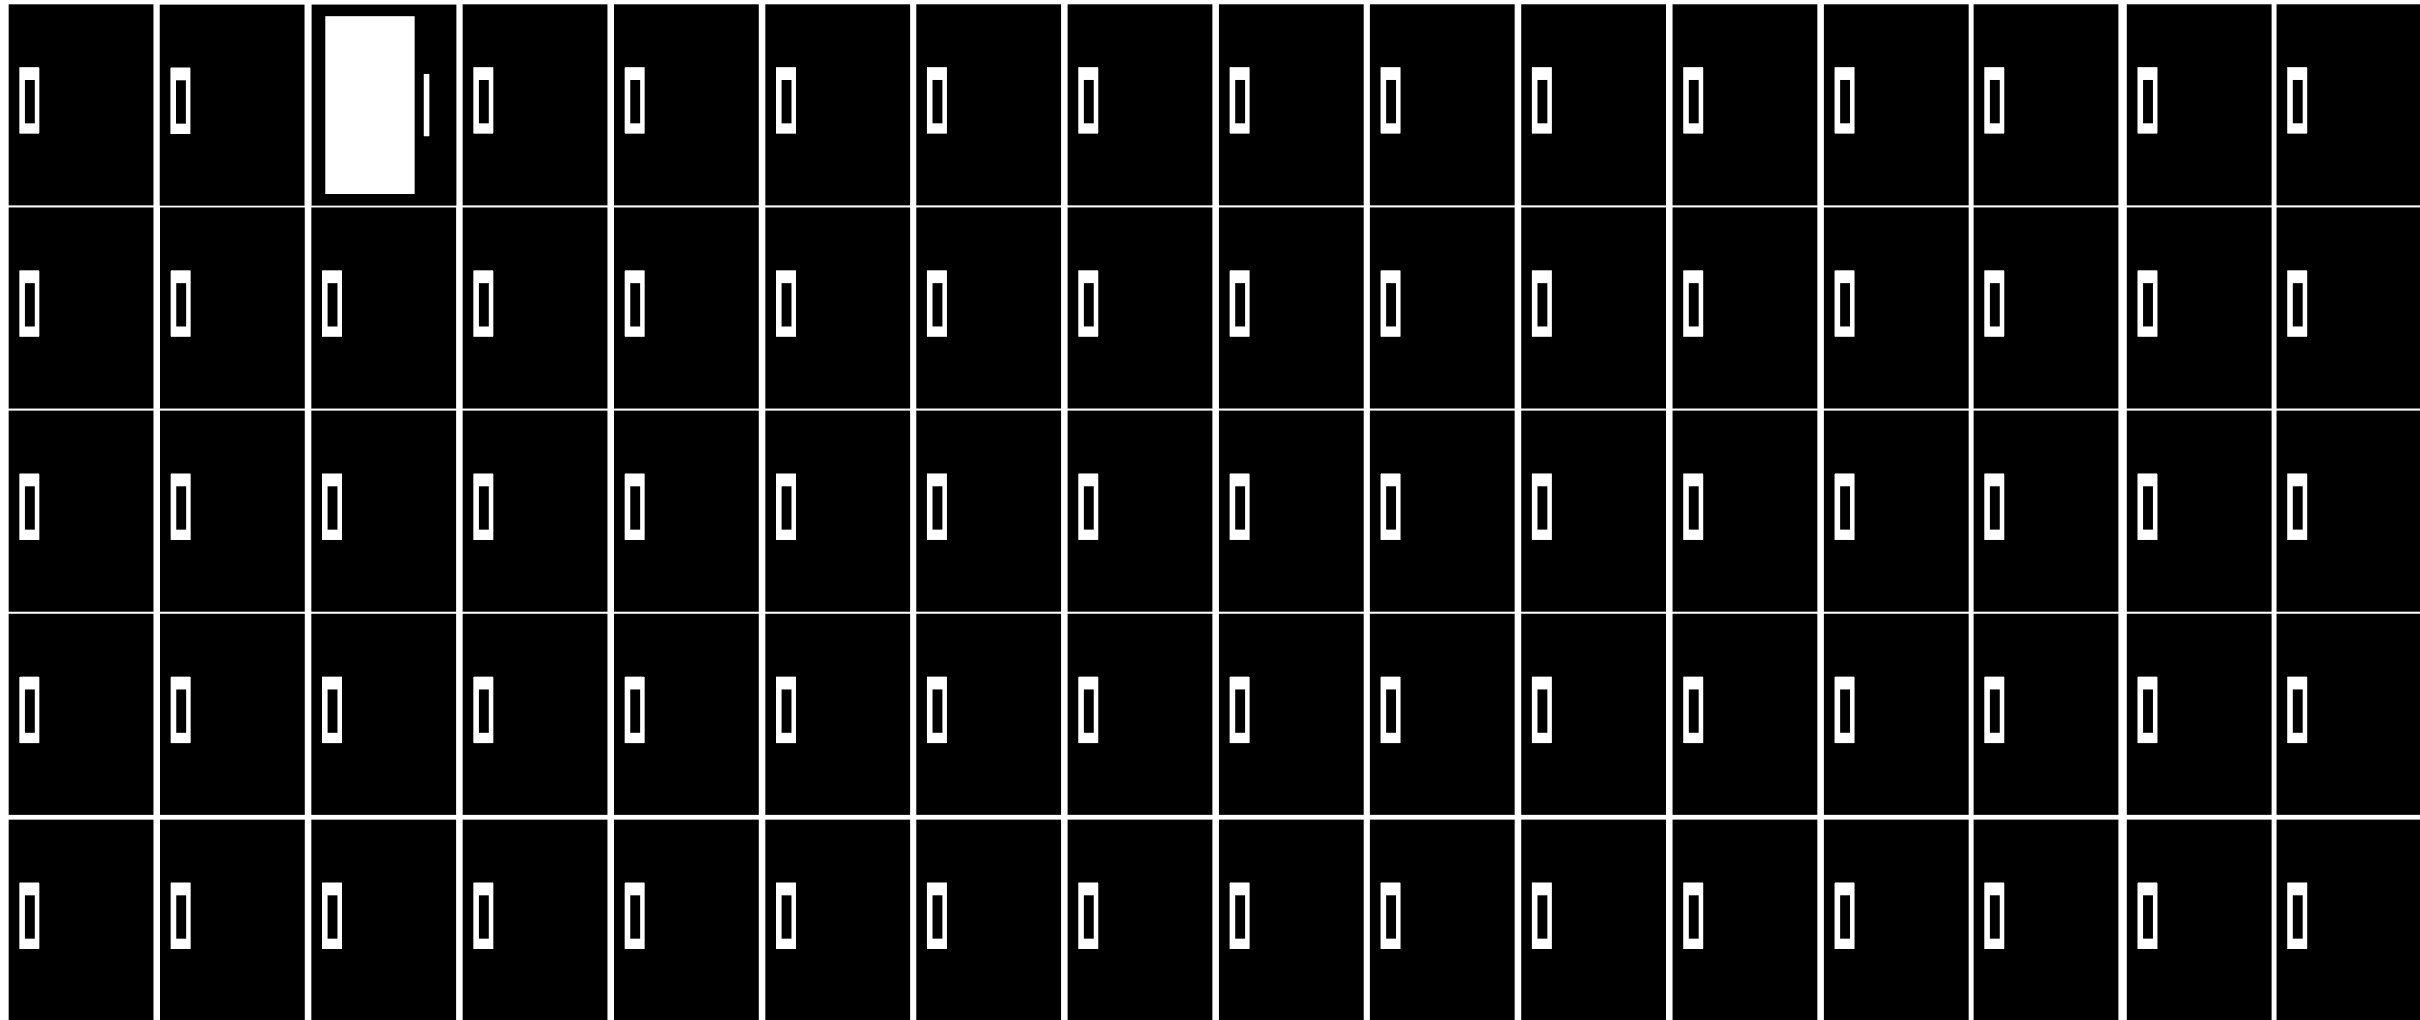

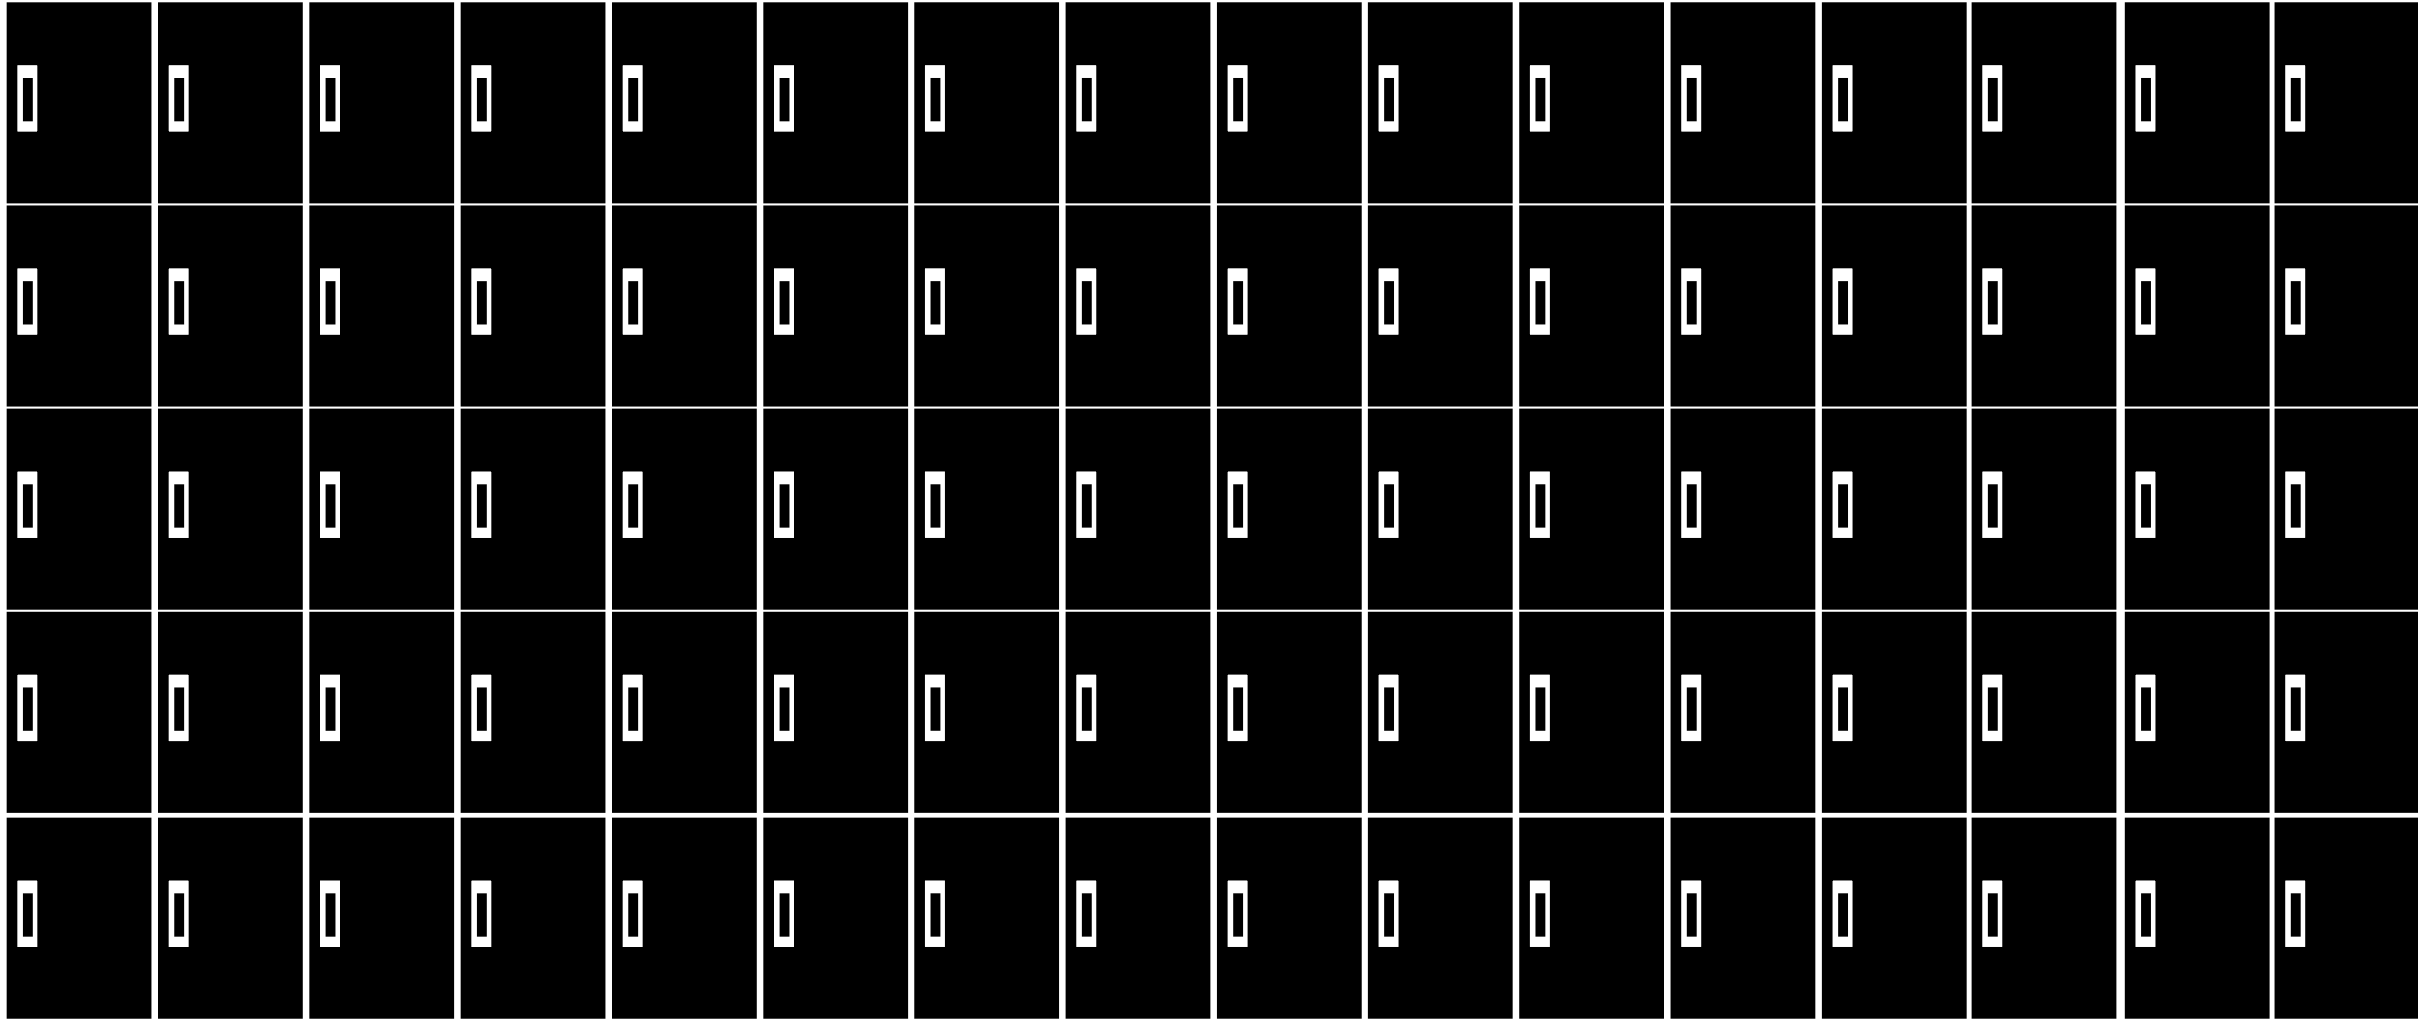

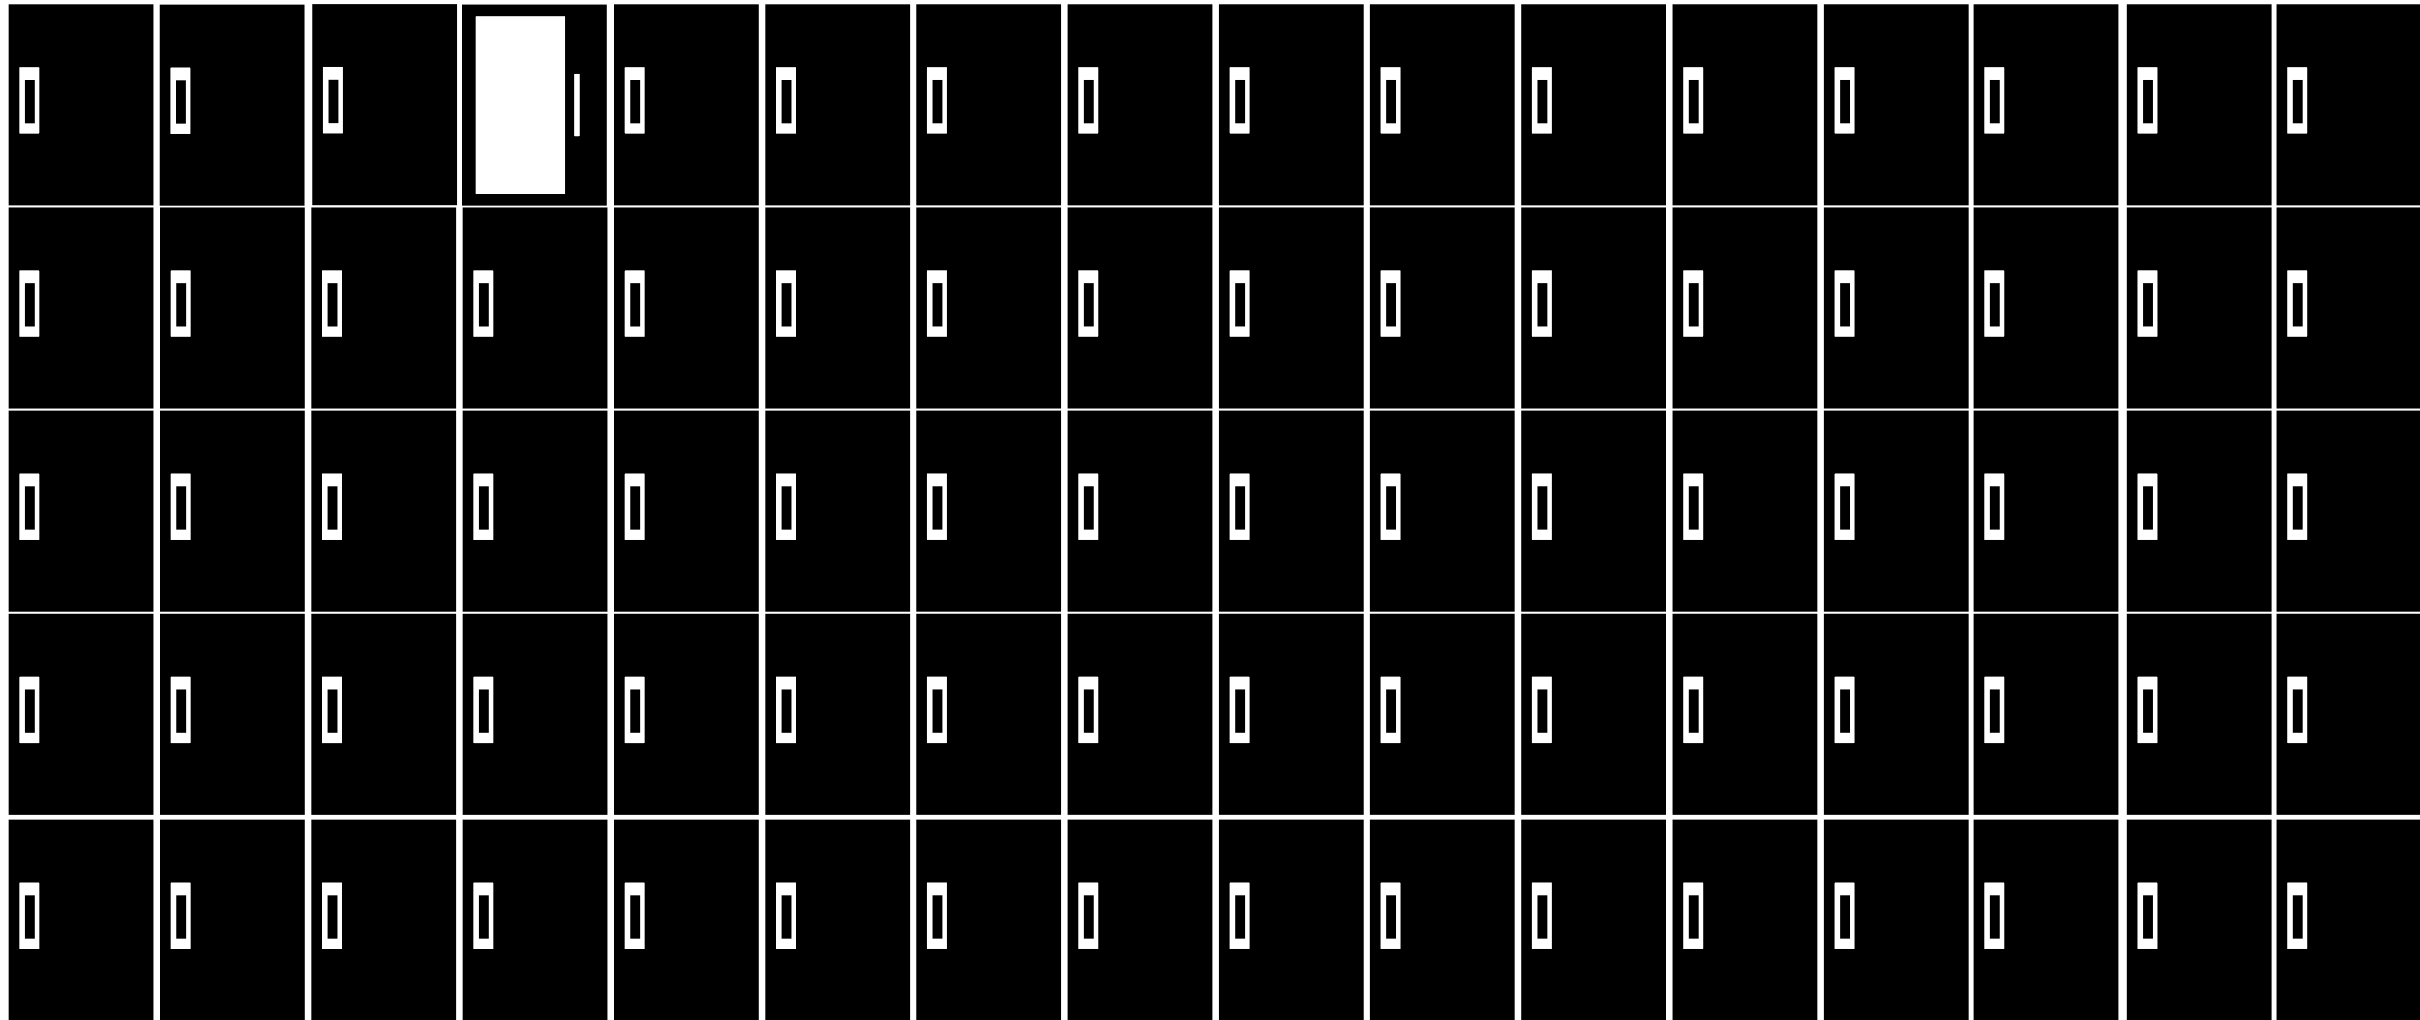

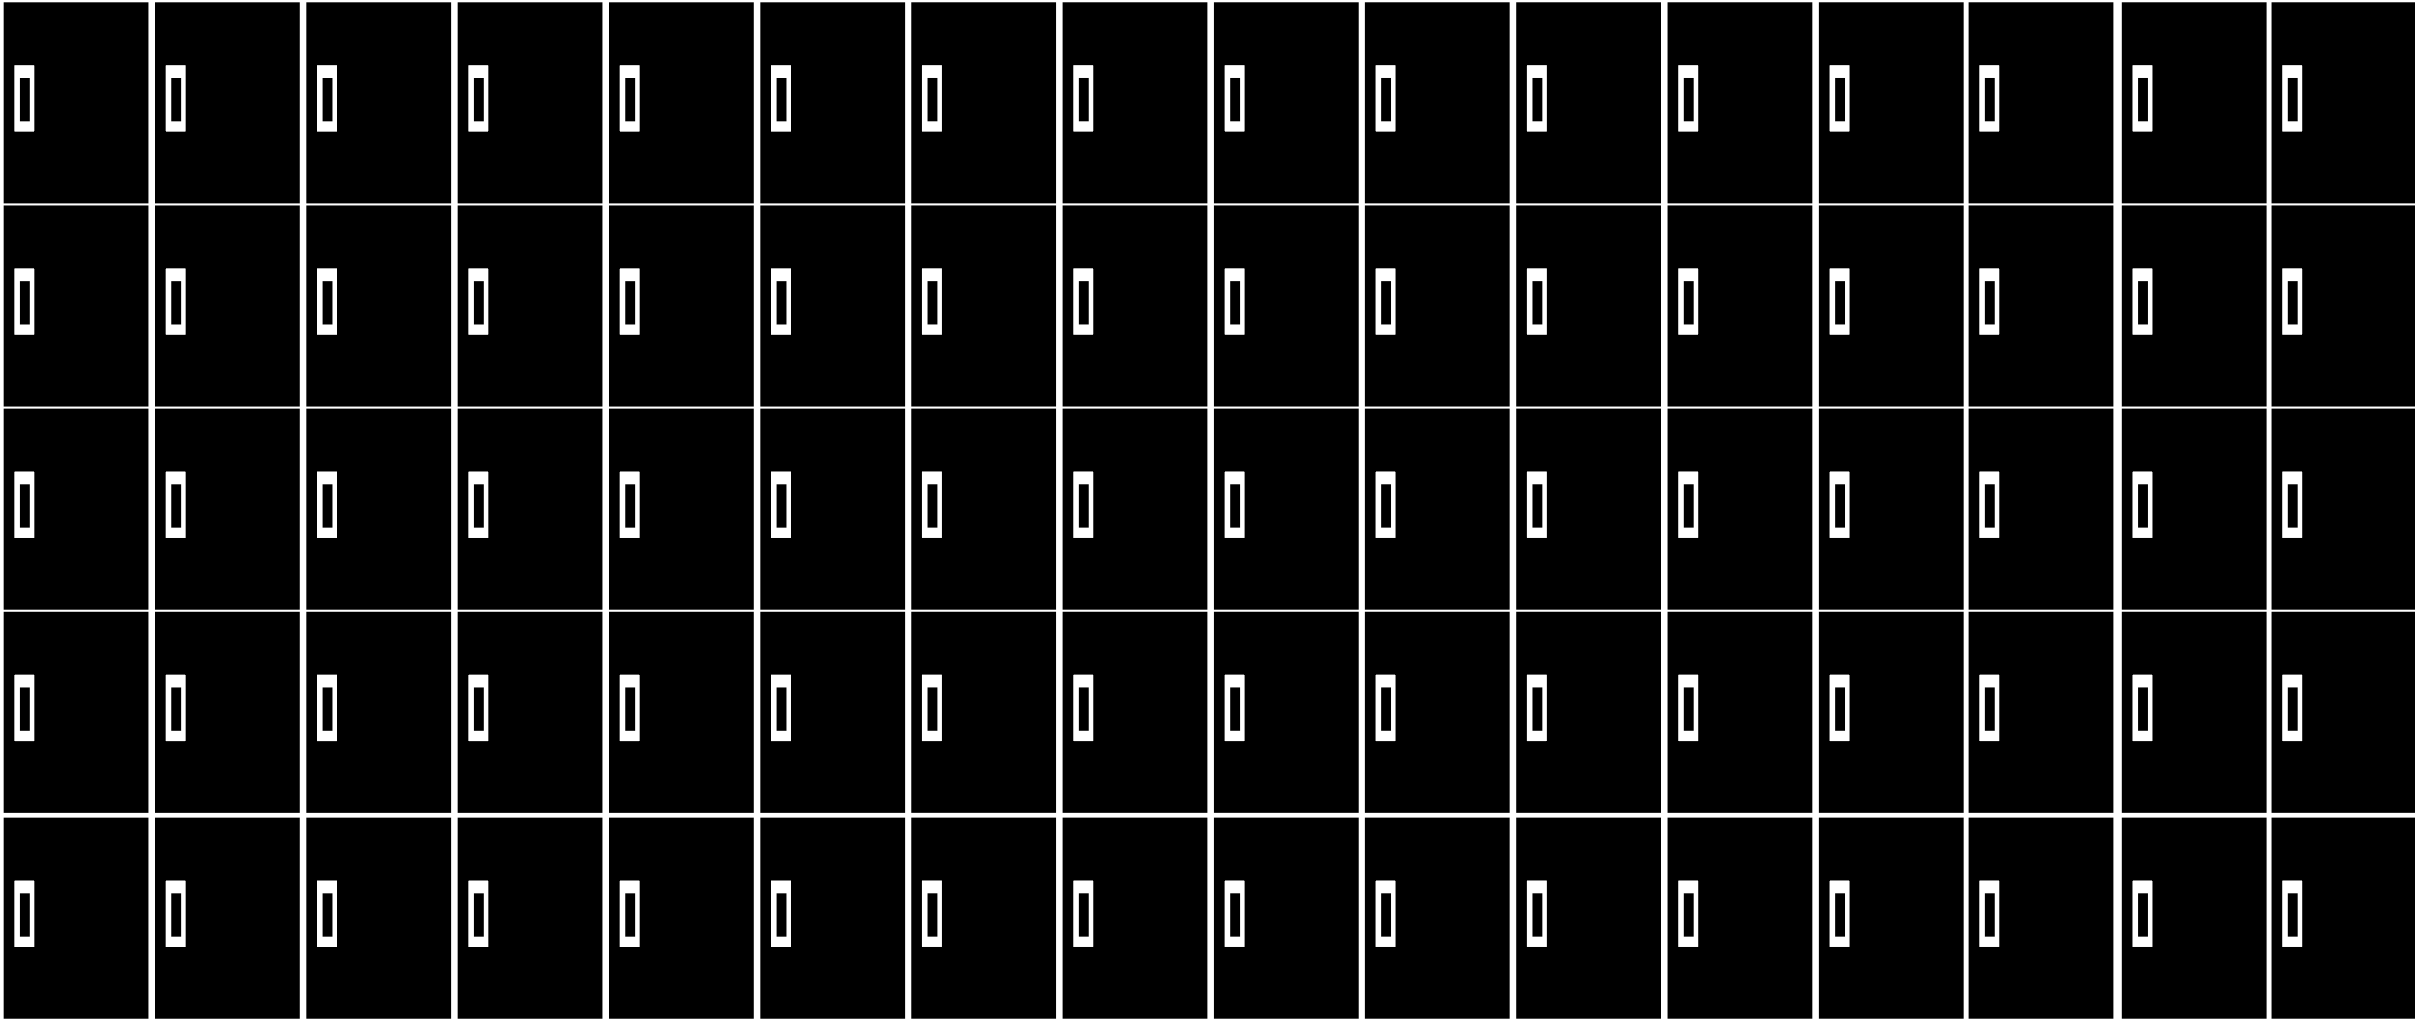

2021/05

- Started personal project /MERN/
- Portswigger, PentesterLab, Research papers
- Followed some bug hunters on twitter

# 2021/10

**bassguitar** HackerOne triage changed the status to ● **Triaged**.

Nov 15th (11 months ago)

Hello [@jur](#),

Thank you for your submission! We were able to validate your report, and have submitted it to the appropriate remediation team for review. They will let us know the final ruling on this report, and when/if a fix will be implemented. Please note that the status and severity are subject to change.

Thanks,

[@bassguitar](#)

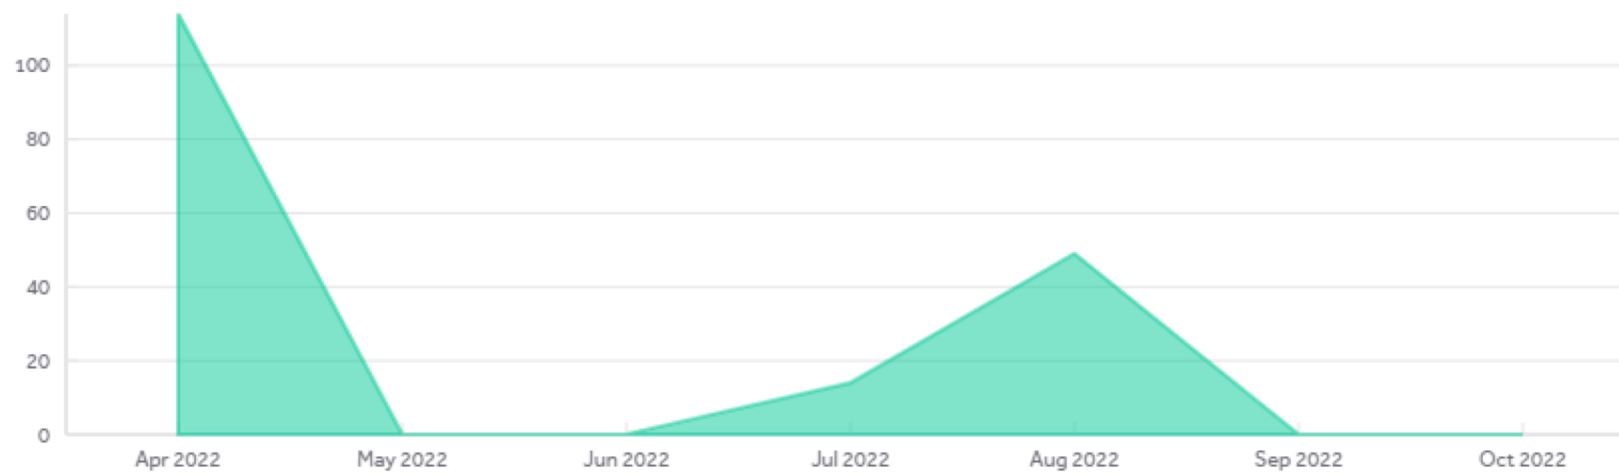

**bassguitar** HackerOne triage updated the severity from Medium to Medium (5.4).
